

New York Harp Trio: Education Page

The members of the trio enjoy interacting with students of all ages. Peter, Bridget and Anna have worked with young audiences all over the world, using their language skills in French, Spanish and even Chinese Mandarin!

Master classes on Flute, Harp or Viola are always a popular choice with the trio, as the members have years of University teaching experience (and two Doctorates and a Masters Degree between them!)

Give Peter a call (917)232 6214 and discuss what has been done in the past, and how the trio can work with your students.

Residencies are currently sought by the trio.
